

# Staufix FKA conversion kit DN 100-200, fr. 01/2011, 5 m cable

## **Article information**

Item no.: 80093

GTIN: 4026092048245

Price group: 30

## **Description**

The conversion kit is equipped with a motor-driven closure system, which is closed automatically in the event of backwater. A second closure system serves as an emergency closure to be closed by hand.

The station is controlled by a user-friendly control unit, which is optionally integrated in the building management system via a potential-free contact, or alarm and collective fault messages can be output via a GSM interface.

The conversion kit is used to retrofit Staufix FKA and Controlfix for the Staufix FKA backwater valve.

Type of wastewater: wastewater with and without sewage

floor slab installation, exposed drainage pipe

Backwater protection: Type 3

### General characteristics:

Installation situation:

Nominal size (DN): 100-200

Note on nominal size: Hydraulics correspond to DN 150

Standard: EN 13564

Cable length: 5 m

Protection class motor: IP 68 (3m/48h)

### Control:

Control unit: Comfort
Operating voltage: 230 V
Mains frequency: 50 Hz
Self-diagnosis system (SDS): yes
Battery buffering: yes
Multi-line display: yes

Log book function:

USB interface:

GSM interface:

Potential-free contact:

Protection class control unit:

Length of mains cable for control unit:

Type of level measurement:

yes

yes

optional

IP 54

1.4 m

Type of level measurement:

optical

Level measurement instrument: optical probe Alarm sensor: optical probe
