

Upper section vertically adjustable, Class A/B

Article information

Item no.: 850120
GTIN: 4026092003060
Price group: 60

Advantages

- Multiple combinations with suitable drain bodies

Description

The polymer upper section is suitable for LW 400 chamber systems and is equipped with a clamping ring and a hanger for sludge buckets. Continuously height-adjustable by 440 mm.

An embedded step must be installed if the allowable difference between the top of the chamber cover and the first step is exceeded.
