

Accessories

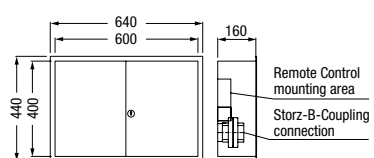

Oil-/fuel separator / Coalescence separator for underground installation

Safety		Art. no.
TeleControl telemetric system	<p>Compatibility: For connection to KESSEL Comfort control units 230 Volt and 400 Volt</p> <p>Function: Relaying of full text messages to up to three mobile phones</p> <p>Inclusive: With internal antenna (without SIM card)</p>	28 792
Antenna booster with magnetic base	<p>Compatibility: For TeleControl telemetric system to improve the reception</p> <p>Cable length: 2.5 m</p>	28 793
Extension cable	<p>Compatibility: For antenna booster</p> <p>Cable length: 2 m</p>	28 794

Oil/fuel / Sludge suction system		Outer diameter Ø (mm)	Art. no.
Oil / fuel suction system	<p>Compatibility: For direct suction of oil / fuel into disposal vehicle, for inlet Ø 160 and Ø 200</p> <p>Inclusive: Storz B connection coupling</p>	Ø 160 Ø 200	917 803 917 808
Sludge suction system	<p>Compatibility: For direct suction of sludge / sediment into disposal vehicle, for inlet Ø 160 and Ø 200</p> <p>Inclusive: Storz B connection coupling</p>	Ø 160 Ø 200	917 804 917 809

Coalescence filter insert		Art. no.
Coalescence filter insert	<p>Compatibility: For retrofitting the KESSEL Oil/fuel separator NS 3 - NS 15 to coalescence separator with two covers</p>	917 805

Access panel		Width×Height×Depth in mm	Art. no.
Recessed wall installation	<p>Material: Stainless steel</p> <p>Compatibility: For Storz-B disposal pipe hook up connection and remote control connection for use with fully automated separators. Remote control not included</p> <p>Inclusive: 2 doors, lockable</p> <p>Note: Special dimensions on request</p>	640×440×160	917 414

Wall installation	<p>Material: Stainless steel</p> <p>Compatibility: For Storz-B disposal pipe hook up connection and remote control connection for use with fully automated separators. Remote control not included</p> <p>Inclusive: 2 doors, lockable</p> <p>Note: Special dimensions on request</p>	600×400×160	917 413
